The screenshot displays the 'Course Builder' interface for 'Course Structure'. The main content area is titled 'Upload Your Files to Generate Role Play' and contains three numbered steps: 1. Upload resources (upload up to 20 files), 2. AI Generate & Fine Tune (analyze files and suggest role play scenarios), and 3. Review (create role play and adjust settings). A 'G2' logo is visible in the bottom left corner. The right sidebar shows 'Setup steps' with 'Course Layout' and 'Course Structure' (selected), and buttons for 'Save', 'Test Course', 'Publish & Share', and 'Allow others to edit'.

Upload Your Files to Generate Role Play

- 1 Upload resources**
Upload up to 20 files, including scorecards, onboarding documents, personas, scripts, and other relevant materials.
- 2 AI Generate & Fine Tune**
The system will analyze your files and suggest role play scenario based on the data. You can fine-tune the suggested content by chatting with the AI to make sure it meets your needs.
- 3 Review**
Once the fine-tuning is complete, the system will create the role play and allow you to adjust the settings.
