

# Gamification

|              |                                                                                                 |
|--------------|-------------------------------------------------------------------------------------------------|
| Intent       | The intent is to boost adoption for Evolus internally via Gamification of the learning platform |
| For          | Learners and Administrators                                                                     |
| Requirements |                                                                                                 |
|              |                                                                                                 |
